VOICE CONTROL

REMOTE

OPTICAL SENSOR

APP CONTROL

IP67

## Technical Specification

T24GECE800M

1. Working Voltage : 220V/50 Hz AC/110V/60 Hz AC/380V/50 HzAC
2. Motor Power : 0.37-1.5KW
3. Starting Current : 3 A
4. Motor Speed : 1400r/min
5. Running Speed : 12m/min
6. Applicable Door Weight : 800 Kg
7. Working Temperature : -40°C - +60°C
8. Machine Net Weight : 38 Kg
9. Reserved Cable Installation : 1mm<sup>2</sup> x 6-core (or 1.5 m<sup>2</sup> x 2-core) Cable

## Product Specification

Maximum Output Current : 10V

Fuse : AC220V 10 A

Remote Control Distance : Open Area > 30 Meters

Relative Humidity : <60%

## Special Functions

One Key Mode / 4 Key Mode

Easy Lock Functions on remote

Auto Closing

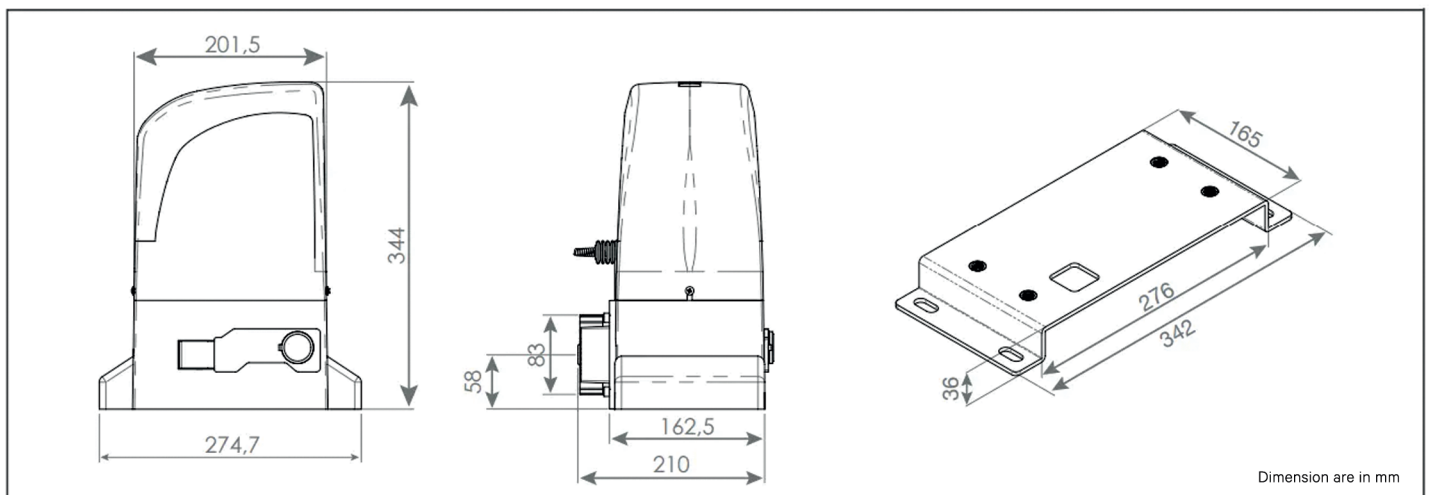

Slow Stop Function

Resistance Function

Closing Distance Learning Algorithm

Master Salve Function (Dual Motor Synchronous)

Motor Rotation Direction Conversion
